Graduate Electrical Engineering Symposium

The Graduate Electrical Engineering Research Symposium of Columbia University

Any electrical engineering student may submit an abstract to be considered for this prestigious display of research done by our department's graduate electrical engineers

Participants can present their exciting work in any virtual format (poster, demo, video, other)

THREE WINNERS WILL RECEIVE A \$200 PRIZE

16 DECEMBER 2020 | 6 P.M.- 8 P.M.

Use the google form to sign up as a poster presenter or come as an attendee to see the great research being done in Columbia EE.

The conference will be held virtually on gather.town

Event Details

How does it work?: The conference is on the gather.town virtual space, where participants will be able to share their work in any virtual medium.

Sign-up: Fill out the google form to sign up as an individual or team.

Topics: All topics are accepted. This can range from lab research to course projects.

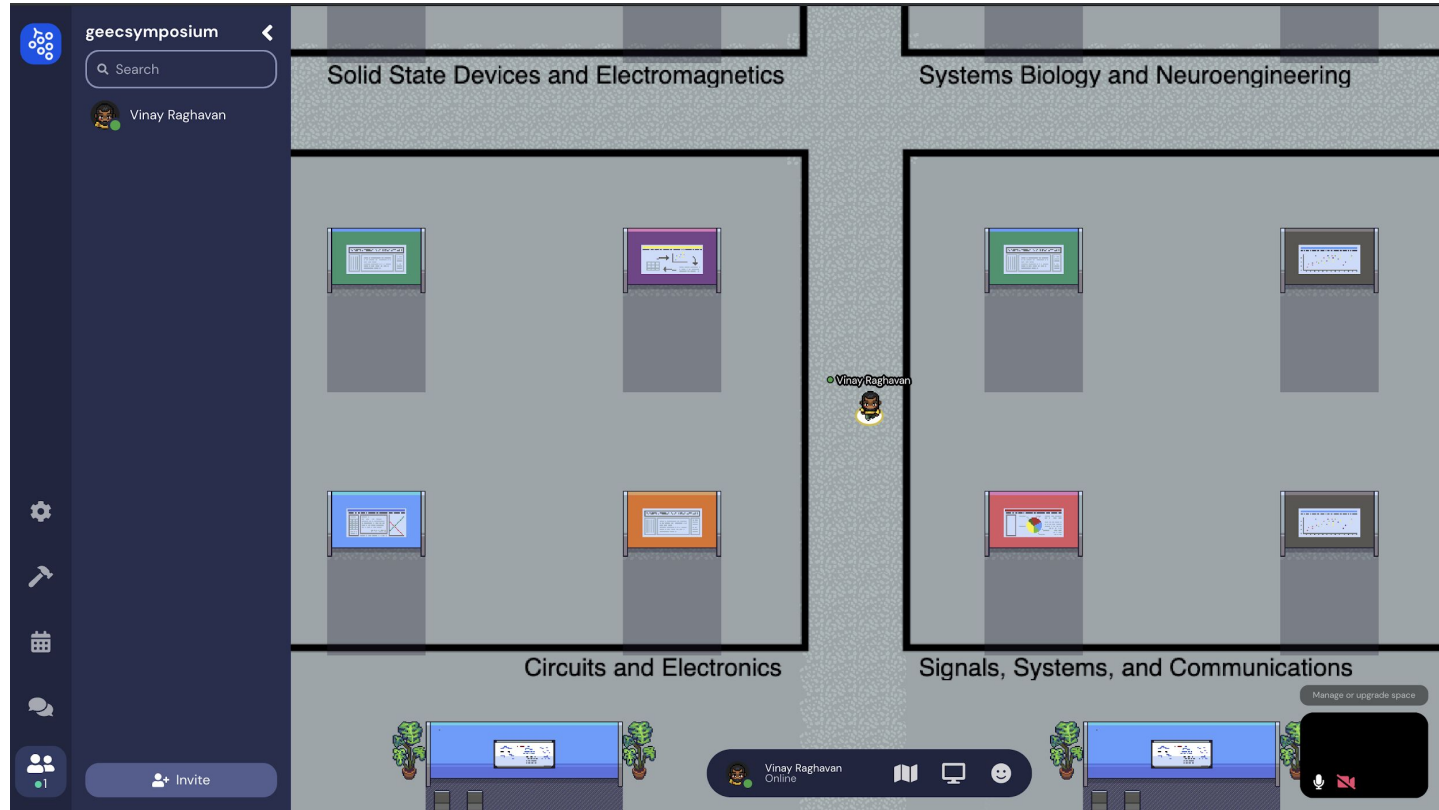

Judges: All posters will be judged by a faculty panel including the department chair.

Prizes: Three awards for \$200 will be given to the top Master's student, Ph.D. student, and "crowd favorite" voted on by attendees.

All attendees and winners will receive a certificate indicating their involvement and honors awarded at the conference.
