

COMMUNICATIONS, NETWORKING, INTERNET & INTERNET OF THINGS
(Senior/graduate & Advanced graduate courses in EE)

- Offered Fall '26

Green = Senior/grad; Orange = Adv. graduate; Dots = EE related area; Bold border = offered regularly;
Attached courses = shared lectures; Updated Aug 25 2026

Recent topics for ELEN E6713, ELEN E677*, & other related topics courses: (Red=Offered Fall '26)

ELEN E4903 TPC: Introduction to Software Defined Radio with Lab (Fall' 26)

ELEN E6713 Topic: mmWave & Appl. for 5G (Fall '24 – '21, '19, '17)

ELEN E6770 Topic: Next Generation Networks (Fall '18 – '06)

ELEN E6770 Topic: Network Virtual and Cloud Comp. (Fall '26 – '21)

ELEN E6771 Topic: 5G Programmable Networks (Spring '21, Fall '19)

ELEN E6774 Topic: Seminar on Internet Measurements (Fall '23, '20)

ELEN E6775 Topic: Adv. Networks: A Systems Approach (Fall '23, '21)

ELEN E6775 Topic: Delivering Modern Services on the Internet (Fall'20, '18)

ELEN E6776 Topic: Massive Cont. Mining and Dist. (Fall '25-'21, '18-'09)

EECS E6896 Topic: Distri. Comput., Mach. Learning, and Storage (Fall '25)

EECS E6896 Topic: Coding for Dist. Storage and Computing Sys. (Fall '23)

EECS E6896 Topic: Quantum Computing and Comm (Fall '26, '24, '22, '21)

ELEN E6908 Topic: Embedded AI (Sp '25, '23, '22)

ELEN E9701 Seminar in Wireless and Edge Networking (Fall '22)
